Vision and Intentions for 2018

1. Employ state of the art technology for enhanced celebration, study, and service by:
 - Building live-streaming capability and installing audio/visual capability for simulcasting.
 - Purchasing a TV and audio system for the CommUNITY Center.
 - Providing tablet stations with e-books/apps for study and guided meditation.
2. Encourage young families to experience the joy of celebration by offering nursery care during services.
3. Create opportunities for young adult celebration, study, and service.
4. Hold spiritually supportive classes and activities every day of the week.

Joyously share with your Unity CommUNITY in this great work!
Expecting even greater things in the year ahead, join hearts with us
by becoming an Intentional Giver.

Intentional Giving 2018

Our Hearts of Gratitude

Minister's Message

For me, prosperity is an expression of a grateful soul. A soul that is ever mindful that it is the recipient of some amazing invisible and intangible powers that no one can take from me. But in my intentional sharing of them, the universe responds generously with blessings that exceed my expectations.... A generous soul knows no bounds.

- Rev Jimmie
